Terese looks forward to continuing her volunteer efforts for the benefit of PLCA and its members.

TOM UHLEIN:

My name is Tom Uhlein, and I submit this biography for your consideration to serve on the Board of Directors at Packanack Lake.

My wife and I purchased our home along Lake Drive East in 2007 and we have been active community participants ever since. We have been members of many clubs and activities, including the golf, tennis, and yacht clubs. We have participated in the PLAA softball and kickball leagues, and coached in the lake's youth softball and soccer programs. From 2019 to 2022, I served on the Board of Governors. We have a 12-year-old daughter in sixth grade at George Washington Middle School, and she also enjoys everything this incredible community has to offer.

Professionally, I earned my undergraduate degree from Penn State University, and I hold an MFA degree from the Tyler School of Art at Temple University. Upon receiving my MFA, I spent 14 years as a faculty member in the College of Arts and Communication at William Paterson University. During my tenure at William Paterson, I was appointed to numerous leadership positions, which included strategic planning, public relations, and fiscal responsibility. Currently, I operate a design studio and work as a consultant for businesses and organizations large and small.

My family and I are deeply committed to Packanack Lake, and it would be a great honor and privilege to continue to serve on the Board of Directors.
